

## About the Mega Healing and Enlightenment MP3s

Several years ago, I created a series of Mega Healing and Enlightenment sessions that tapped into the power of all of the clearing, healing and enlightenment work I had been doing for over 15 years. These sessions were very powerful and I created individual MP3 audio recordings for over sixty of them.

After I upgraded the Angelic and Elohim Mastery modality in August 2019, I upgraded all of the Mega Healing and Enlightenment Sessions to include all of the healing and enlightenment work I had done since I originally created them. I also added a lot of brand new sessions to each bundle.

After I upgraded all of these sessions, I got that I should create one mp3 audio recording with over twenty Mega Healing and MP3 Sessions on it for the four major areas I focus on: Healing, Spiritual Growth, Relationships and Money.
